Principal Soloan, LL.D.,

Normal College, Truro, N.S.

Dear Dr. Soloan:

I have gone through the certificates and recommendations of Mr. Bradford, and evidently he is a man of good training. I regret, however, that we have no opening in Toronto that would in any way suit him. Last August we appointed Professor Sanditord in Psychology to take Dr. Coleman's place. Sandiford came from Manchester, and is doing very well.

I do not know where there would be an opening for Mr. Bradford, unless possibly in some of the new Universities of the West. I fancy, however, that in so far as they are doing work of this grade they have their staffs complete. If I should hear of anything I shall let you know, meantime I return his certificates.

With kind regards, I am,

Yours very sincerely,

President.
